Everett J. Cooper, 59, president of the Mokena State Bank and former mayor and village clerk, died last Friday night, April 8, in his home, 19901 Mokena St. He had been seriously ill since early February.

Funeral services were held Tuesday morning (April 12) from the Hirsch Chapel at Tinley Park to St. Mary Church, Mokena at 10 o'clock when a solemn requiem high mass was sung with the Rev. Cecil Koop, O.F.M., the celebrant.

Adopt Budget For Frankfort Township

At the annual town meeting of Frankfort Township held the afternoon of April 5 in the Cooper & Hostert Garage, Front St., Mokena, the budget for the coming fiscal year was approved as were the reports of receipts and expenditures for the past year.

The budget provides for expenditures of \$20,150 for town purposes, \$6,050 for general assistance and \$79,600 for road and bridge.

Half of the taxes collected in a municipality for the road and bridge fund are paid to it. The villages of Frankfort and Mokena each benefit from this fund. Such money is used for street work.

The amount sought for general assistance is less this year while the road and bridge figure is up but when balanced off, it was brought out, the total will be about the same as last year. Town Clerk Harold Cooper said that taxes for the township would not be most costly to property owners.

Receipts for town purposes last year totaled \$27,268 while total expenditures were \$23,353 which left a balance of approximately \$3,915. The major portion of receipts came from taxes, \$15,033. Another substantial sum, \$8,940, represented excess earnings of Burnett Schram, town tax collector.

Receipts for general assistance amounted to \$15,400, which included a balance of \$3,798 from the previous year, and \$9,541 in taxes. Expenditures amounted to \$4,356, leaving a balance of \$11,044. These are round figures and do not include odd cents.

Receipts for the road and bridge fund totaled \$63,402 which included \$51,792 in taxes, a balance of \$5,442 from the previous year and \$5,797 from the state motor fuel tax. Expenditures totaled \$58,879, leaving a balance at the end of the past fiscal year of \$6,522.

District Voters Elect School Board Members

A light vote marked school elections in the area last Saturday.

This was largely due, it was said, because of lack of contests but even in those communities where there were contests the vote was not large.

There were two districts with contests, Mokena and Frankfort.

In Mokena, District 159, there were four candidates for the two full three-year terms to be filled but only one sought the unexpired term of Roy Toppen, recently resigned. Willard A. Barenz, who had been appointed to take Toppen's place until the election, polled 273 votes.

Fremont Warning, a rural mail carrier, was re-elected to the board and the other successful candidate was William Mutsch, a salesman for Johns-Manville. Warning received 154 votes and Mutsch, 152.

William Cady, a school teacher, trailed Mutsch by five votes, getting a total of

Anti-Rabies Shots Will Be Given Saturday

A clinic for the inoculation of dogs against rabies has been scheduled for Saturday, April 16, from 2 to 5 p.m. at the Mokena Village Hall for the convenience of dog owners in the village. Rabies shots will be administered and 1966 village dog licenses will be issued at that time.

Village dog owners are reminded by the village board that all dogs kept within the village limits must be licensed. Prior to the issuance of a license, the owner must show evidence of a current rabies inoculation certificate, as required by village ordinance. The fee for a dog license is \$2.

147, and James Fagan, an office employee of Illinois Bell Telephone Co., polled 114. It was the first time Mutsch sought any public office.

The other contest was in Frankfort, District 157-C, where four candidates sought the three places to be filled on the board. Glenn Nissen, an incumbent led with 168 votes; Lewis Ebert, also an incumbent, polled 159 votes, and Melvin A. Eisenbrandt, 126. The fourth candidate, Bruce F. Wells, received 86 votes.

There was no opposition to the incumbents who sought re-election to the Lincoln-Way High School board, District 204. Elias Brown, of Mokena, received 684 votes; Wendell Morrison, Frankfort, 655 and Earl Moss, New Lenox, 644 votes. George Preston, New Lenox, running for an unexpired term, unopposed, received 501 votes.

At New Lenox, District 122 there were but two candidates for two board seats. Ralph E. Staples, who was completing the unexpired term of Roy Fitzer, received 77 votes and Mrs. Warren Stoneberger had 71.

Glenn Coburn and Charles Jones, incumbents, were elected to the Ann Rutledge board, District 56-C.

In Arbury Hills, District 161, Julius Sandy and John Hayden, incumbents, were without opposition. Sandy received 33 votes and Hayden 27.

Manhattan which is one of the underlying districts of Lincoln-Way High School district elected Fred L. Richards and David C. Wandless. Richards had 128 votes and Wandless, 108. There was another candidate in the race there, Joseph Markwitz, but he lost by 18 votes. Markwitz had a

total of 90.

There was a spirited election in Homer District 33-C. Merritt J. Cagwin, an incumbent was elected as was Loren Sass. Cagwin had 367 votes and Sass 359. Defeated were Mary Brauer, 195 votes, and William Lindgren, 183. There has been some controversy in Homer over the operation of the school.

Peotone Unit District 207-U was the only one in which there was a tax referendum. The board sought an increase of 40 cents in the educational fund tax rate (districts other than those organized as units are limited to such tax increases of 21 cents per \$100 equalized assessed valuation but a unit district can go 40 cents) The voters approved the increase 431 to 330 and Peotone Unit can now go from \$1.65 per \$100 valuation to \$2.05.

Boards canvassed the returns this week.

Motorists Flee As Train Crushes Auto

Three boys from the Chicago South Side stalled a car on the old Bruder Rd. crossing of the Rock Island Lines, two miles south of Mokena, about 11 o'clock Monday night shortly before an east-bound passenger train arrived.

They were trying to jack the car up, they told sheriff's deputies later, but didn't begin the lift operation in time. They saw the approaching train and one youth ran down the track toward it, waving a flashlight. The train, however, was coming too fast to stop and it broke the car into junk pieces.

Bruder Rd., it was pointed out, does not resemble one and is said to be used mostly

by hunters. It turns to follow along the railroad tracks until it reaches the railroad bridge over the road that leads from Francis Rd. to U. S. 30, alongside Lincoln-Way High.

To questions by the deputies as to what they were doing in the area and how was it they were using such a road, the boys said they were lost. The train finally came to a halt between the Mokena St. and School House Rd. The engine was badly damaged and had to be replaced before the train could proceed to Chicago. The train was held up an hour and a half.

Driver of the car was Daniel Griffin, 17, 12116 Wentworth. His companions, also each 17, were, James Fortier, 11803 S. Lowe and Timothy Rice, 12230 Princeton. They had scattered before the train reached the crossing and so escaped injury.

Mokena Firemen To Have School For Five Weeks

Paul Boecker, firemanship instructor for the U. of I., Division of University Extension, will conduct a training course for the Mokena Volunteer Fire Department, beginning April 19, it was announced by Stanley Williams, president.

There will be five sessions, April 19 and 26, and May 3, 10, and 17. A fireman must attend all five sessions in order to be eligible for a certificate.

This course, it was explained, embraces all facets of ladder work, hose handling and firemen's work in general. Besides actual physical participation in the course, class members also will view special fire training films.

Fire Chief Bob Rust expects a complete turnout of the department for each class.

Halt Construction Of Highway Projects

Work on I-80 between Hazelcrest and Joliet, which has been held up for years, for various reasons, has hit another snag -- this one a strike.

Members of Local 150, International Union of Operating Engineers, are having their differences with the contractors and as a result did not report for work Monday.

The men on strike are the men who operate the heavy equipment so necessary in construction today. Their being on strike means that all heavy construction, including street and highway jobs, has been halted.

4 Teenagers Escape Hurt In Rollover

Four teenagers escaped serious hurt Tuesday afternoon (April 5) when the car in which they were riding left the pavement and rolled over on the curve at 115th Av. and Francis Rd., just west of Mokena.

According to the report of Mokena Police Chief Roy Newton the car, driven by Stephen Wilkey, 15, of Frankfort, was westbound and apparently traveling too fast to negotiate the curve. It shot across the road and overturned.

Wilkey, a student at Lincoln-Way High School, was operating the vehicle on a student permit.

Passengers in the car were Mike Putts, 16, William Deline, 15, and Donald Schroeder, 15, all of New Lenox. Last week was the Easter vacation.

There are several bridges on which work has been started in the area, spans that will carry side roads over I-80 or I-80 over water or railroads, and this is at a standstill.

As of Tuesday both sides admitted to being far apart on work rules, wages and other issues.

The strike has idled thousands of workers, it was said, and halted about a billion dollars worth of construction.

In the meantime some of the people north and east of Mokena, who will be affected when 187th St. and 104th Av. are closed because of I-80, are wondering what kind of a strike or other maneuver they could employ to get action from the engineers to relieve their plight. Robert Maue, 104th Av., north of 187th will have to drag farm machinery five or six miles, it was said, in order to farm his land when 104th is closed. I-80 divides his farm into two pieces.

Police Get Man But Not The Handcuffs

Claude Hunt, 27, Cross St., Mokena, who made a leaping escape from Mokena police Wednesday night, March 30 and was apprehended April 1, is scheduled for a hearing in the circuit court at Joliet tomorrow, April 15. Hunt was arrested by Cook county police at the plant where he works in Willow Springs. He was arrested about 11 p.m. and turned over to Will county sheriff's police.

Hunt immediately posted bond of \$100 at the county jail in Joliet and was released until his appearance this week. The original arrest at Mokena by Chief Roy Newton was on a charge of public intoxication. Chief

Herschbach Injured In Train Wreck

Walter O. Herschbach, Joliet attorney and active in Republican affairs--a native of Frankfort--was one of four persons injured Sunday when five cars of a 13-unit New York Central train derailed at Chicago's LaSalle Street Station.

Herschbach was in the aisle and nearing the end of the car when he suffered a blow on the head and then was hurled against the side of the car. His right little finger was crushed and his right knee bruised.

A switch failed to function properly, according to railroad officials and when the cars derailed one struck a steel support for the station canopy. The canopy fell on the roof of the car, crushing it. More than 100 passengers on the train were shaken up.

Herschbach had been in Toledo on business.

"I thought of flying back," he said Monday, "but weather conditions were not too favorable so I decided to take a nice, safe train ride instead."

Newton said he knew that Hunt had had his driver's license revoked and suspected that he had driven to the tavern where he was arrested. Hunt, who lives with his brother, Raymond Hunt, told Newton he had papers at home giving him permission to drive and offered to show them. Newton took him to the Cross St. address and said that Hunt then stated he was going to remain there. Newton started to put handcuffs on the man and had them on one wrist when Hunt jerked loose, ran up stairs, kicked out a window and leaped out. The handcuffs are still missing.

"Promise In Action" Is Girl Scouts Theme

'Girl Scouting -- A Promise in Action,' is marking the third year as theme for Girl Scouts of the U.S.A. Nation wide, more than three million girls are putting this promise into action.

Troop projects are involving girls in services to various community groups, churches and individuals as they demonstrate the Girl Scout Promise and Laws. Troops have signed promissory notes designating the Promise Project. The necessary plans and details have been carried out by the scouts and the service is already underway.

Miss Ethel M. Watts, program committee of Trailways Girl Scout Council, is announcing the Promise Projects of various troops within the council.

Duty to God: This project is involving services from many Junior troops. They have signed notes designating services to perform physical tasks such as cleaning the churches were troop meetings are held. Girls are indicating willingness to serve God by attending Sunday School and church services each Sunday.

Duty to Country: All program levels are fulfilling this project as a civic duty. Local park areas are being raked and cleaned. Troops are always available for flag ceremony presentations at civic gatherings.

Help Other People: This service has the greatest appeal for scouts. Junior troops are aiding their County Tuberculosis Association by collecting commemorative cancelled postage stamps. These stamps are sold by the association to

collectors. Money derived from the sale will be used to finance a program of tuberculosis inoculations in South American countries. Members will help prepare, assemble and staple educational information which the Association distributes to public schools.

Obey the Girl Scout Laws:

All program levels are sharpening their awareness of this Promise Project. One law which is being accented is 'A Girl Scout is a friend to all and a sister to every other girl scout.' Girl Scouts must unite in purpose and action if we are to remain a strong association and continue in growth.

Firemen Busy On Plans For Spring Dance

Persons who have not received any tickets thru the mail from the Orland Park Volunteer Fire Department for its annual spring dance can acquire them at the fire house or from any member of the department.

Persons who have not yet remitted for the tickets received in the mail will please the firemen if they take care of this chore as soon as possible.

The dance is to be held at Silver Lake Country Club the night of May 7. Music will be furnished by the Al Carver orchestra, a favorite with many in the area. Proceeds from the dance are used by the department in the purchase of supplies and equipment.

Teens To Decide If 'The Hut' Continues

The fate of "The Hut", the meeting place of Lincoln-Way High School students at New Lenox probably will be decided at meeting Friday night, April 22.

The Lincoln-Way Teen Club is to meet that night at 7:30 in "The Hut", with Tom Lambrecht, club president in charge.

Mrs. Marian S. Anderson, New Lenox, founder and owner of "The Hut" has decided she cannot afford to continue operating it. The food concession has not been patronized sufficiently to carry the overhead. She has announced that unless the teen club takes over the operation of the entire premises, "The Hut" will be closed with the end of the school year.

Lambrecht has called a meeting of the club for next week to discuss the problem. If sufficient interest develops a new board of directors will be elected, who in turn will choose officers for next year.

The successful operations of projects of this kind in other areas has been possible only thru financial support from the community, at least in the early years, it was said. With "The Hut" it has been Mrs.

Anderson's purse that has kept it going.

The Teen Club itself has money, it was said. The dances it has sponsored have been successful and might provide the necessary operational funds.

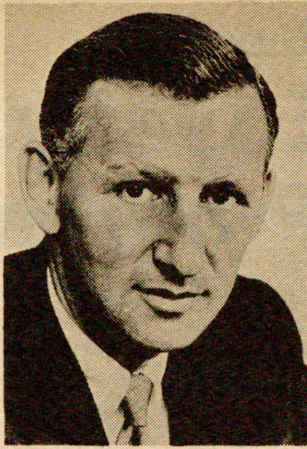

If the members vote to continue, Mrs. Anderson will take a note for her investment, to be paid out of the profits over a period of years.

Any adults willing to share responsibility for the club should contact the Rev. J.L. Harper, Grace Episcopal Church, Mrs. Anderson or Tom Lambrecht.

If the group decides to abandon "The Hut", Mrs. Anderson will attempt to find a purchaser who is interested in operating the premises as a commercial enterprise.

"The Hut" has been quite popular since it was opened last fall and is a busy place on weekends. It is not open on school nights or Sunday night but is open from 3 to 11:45 p.m. on Fridays and Saturdays and from 1:30 to 5:30 Sunday afternoons.

At LaGrange the teen members have charge of a similar club and have built it up into a profitable enterprise as well as community center for high school youth.

SIDNEY Y. YATES (D), congressman from the 9th District, Chicago, will be the principal speaker at the Loyalty Day program in Lincoln-Way High School May 2. The program is sponsored by the Veterans of Foreign Wars posts of New Lenox and Mokena with Harold Dalley, New Lenox, in charge. Yates has been a member of Congress 15 years. He was first elected in 1948 but dropped out in 1962 to oppose Everett Dirksen for U. S. Senator. He was a candidate for Congress again in 1964 and was successful. In 1963 he was appointed by the late President John F. Kennedy as United States representative to the Trusteeship Council of the United Nations with ambassadorial rank and served until he resigned to run for Congress again in the fall of 1964. He served in the Navy in World War II.

Reviews Audio-Visual Program At Orland For Grade School Board

It has been said that "a picture speaks louder than words." This adage is put to use in the teaching of the 3-R's in the Orland schools, said Robert Blain, audio-visual director of District 135, at the educational meeting of the school board last week.

The second board meeting of each month is devoted to the educational program of the schools. This month, a review of the audio-visual program was given by Mr. Blain, teacher of science and math in the Junior High. His duties as audio-visual director are carried on before and after the regular school day.

Mr. Blain reported that in order to use filmstrips and films most effectively to teach children, it is necessary that they be ordered well in advance and incorporated into the teacher's plans before the year begins, just as the television programs used in instruction follow the curriculum guide and bring into the classroom up-to-date knowledge of man that can be filmed but cannot be put into textbooks.

The audio-visual equipment and materials, consisting of TV sets, projectors, films, and filmstrips are used by all grades. It was explained that the television sets are used for the most part in the middle grades for TV courses in French, science, and social studies, and in the primary and upper grades as supplementary teaching aids.

The opaque and overhead projectors, as well as the filmstrip projectors are used by all grades, particularly in the fields of social studies and science. Thru careful planning and early ordering, Mr. Blain stated that the district is able to take advantage of free supplementary films and film-

strips available from various sources.

He pointed out that teachers are urged to make every possible use of the audio-visual equipment.

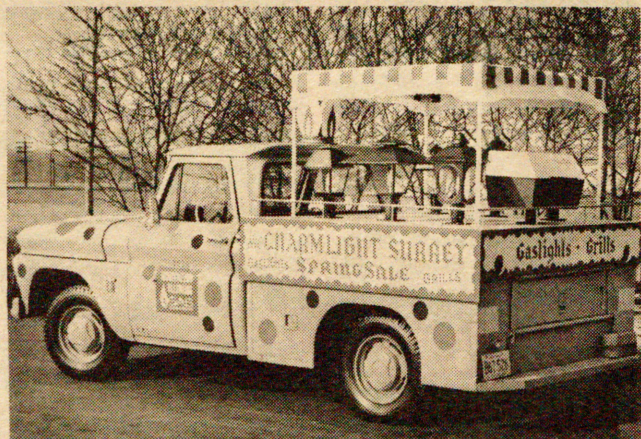

"We try to keep the teacher up to date on new audio-visual equipment and new methods of using the equipment by encouraging them to

attend audio-visual workshops and by sponsoring demonstrations which are conducted by audio-visual dealers," Blain said.

The board commended him for his efforts in developing and coordinating this phase of the school program during the past three years.

THE "CHARMLIGHT SURREY" will be winding its way through Joliet area communities. The display was constructed by NL-gas Joliet District employees in preparation for the utility's annual gaslight and gas grill sale which runs thru April 29.

Lincoln-Way High School baseball team, playing its first game of the season against the Celtics of Providence High, will not know whether it lost or won until sometime next month when the two teams will meet again.

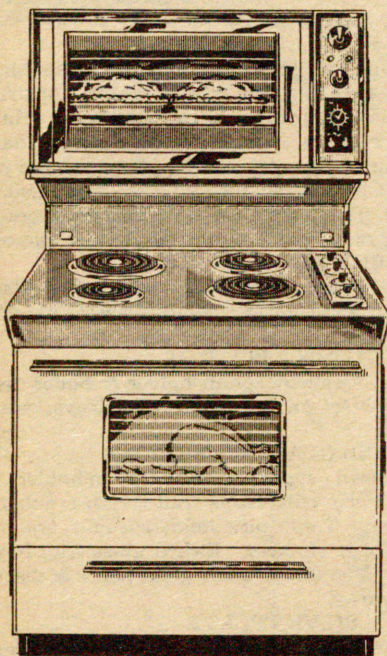

With Lincoln-Way leading 6 to 3 and Providence at bat in the final inning the game was called because of darkness. The score had been knotted the previous inning, 3 to 3, but instead of reverting to that frame and calling the game a tie, the contest will take up where it left off when the teams meet again, with Celtic runners on first and third, one out and no count on the batter.

The two teams are scheduled to play a second game on May 16, at Lincoln-Way. Before that game is played, however, the unfinished contest will be completed.

30 States Find Sales Tax Tops For Revenue

BY MAURICE W. SCOTT
(Taxpayers Federation of Illinois)

On a national basis the sales tax was the top state tax revenue source in fiscal 1965, the Taxpayers' Federation of Illinois reported today. Sales taxes were the best source of revenue in 30 states, income taxes in 14 states, motor fuel taxes in 5 states, and severance taxes in Louisiana.

In fiscal 1965 Illinois found that its best source of state revenue was the R. O. T. ("sales tax") and its related use, service occupation, and service use taxes—best to the extent of approximately 51%. The 1965 General Assembly added another related tax by imposing a rate of 3 1/2% to the rental income received by persons engaged in the business of renting or leasing tangible personal property. This legislation is being tested in the courts.

Thirty-eight states levy a general sales and gross receipts tax. In 1965, about one-third of the state legislatures passed sales tax measures for revenue-raising purposes. The thirty-eighth and thirty-ninth states to impose sales taxes were Idaho on July 1 and New York on August 1. The Idaho tax is levied at a 3% rate on a base which includes food. The New York tax is 2%, and food is excluded from the tax base. (The New York law also authorizes local sales taxes up to 3% which are state collected.)

Need Volunteers In Tinley Hospital Work

A daytime orientation for those interested in doing volunteer work at the Tinley Park State Hospital will be held April 18, from 9:15 to 3:00 in the Activities Building, and on April 25, from 9:15 to 3:00.

This series is given to acquaint the new volunteers with the buildings and grounds and the general surroundings of the hospital. Included on the program will be talks by several staff members touching on the various aspects of volunteer work and the attitude of the worker.

The Mental Health Com-

Many ask, "Why can't the Illinois 'sales' tax be removed from the sales of food?" The answer is that under the uniformity clause of the Illinois State Constitution, the tax must apply equally to all sales of tangible personal property to final users. The first "sales" tax act in Illinois was ruled unconstitutional by our Illinois Supreme Court in the case of Winter V. Barrett, 352 Ill. 441, because of the exemption of sales of motor fuel and farm

Eagle Boosters Turn Attention To Track

Track was the featured sport at the monthly meeting of the Sandburg Eagle Booster Club, April 13 at 8 o'clock in the school cafeteria.

Coach Bob Gadt had been taking movies of the team in action, and these films were shown at the meeting, enabling parents to see their sons in action. Coach Gadt advises that in showing these movies to the boys, it has helped

Two From Will Co. On Sesquicentennial Planning Group

County Clerk Clare Hartley Woodard and County Superintendent of Schools Boyd Bucher have been named to serve on the Illinois Ses-

quicentennial Commission, it was announced by Roy Hassert, chairman of the county board.

The Commission was created by the 74th General Assembly to investigate an appropriate means for commemorating the state's 150th anniversary in 1968. An organizational and planning meeting will be held at the University of Illinois on April 18.

Local governments, statewide organizations and associations, historical societies, educators, and industry and special industry groups have been issued invitations to send representatives to the April 18 meeting.

In making the appointments Hassert said, "I know of no one more capable than Clara and Boyd to represent our county on this commission. They have the background, knowledge and experience to work with others in making a successful sesquicentennial."

Mrs. Woodard, county clerk since 1962, and her husband Milo live at 511 Reed in Joliet. Bucher, his wife and their daughter live at 1215 Grandview Ave., Lockport.

Mrs. Woodard is a native of Will County. She was born in Torino (near Braidwood) where her father was postmaster. During her father's tenure as county clerk she served as his chief deputy and in 1962 was elected to the office in her own right.

Bucher has been associated with teaching since 1941 when he began his career in a e-room rural school. Since that time his teaching experience has included elementary, high school and adult levels. He became county superintendent of schools in 1965.

products.

The taxpayer is beginning to show opposition to tax increases where he can have a say. For example, a 1965 Oklahoma law would have raised the sales tax from 2 to 3 per cent on June 1, 1965, if the voters had given their approval. However, at a special election held on April 27, the measure was rejected.

All in all, state tax collections in 1965 rose far above expectations chiefly because of the continued expansion of the economy.

Coach Gadt also discussed track and field events and "What To Look For".

Suggested Rules For School Bus Riders

With more and more of the nation's children using school buses for transportation, the Chicago Motor

Club offers these suggestions to parents and children to help them achieve accident-free trips to and

from classes.

--Youngsters should arrive at the bus stop in plenty of time to avoid rushing.

--Children should wait at a location well off the roadway.

--There should be no pushing or racing for seats while getting on or off the

bus. Orderly students are less likely to get excited and forget the dangers of traffic.

--At no time should a child put his arms or head out of the bus windows.

--Loud, boisterous activity and commotion should be avoided as it distracts the

bus driver. Children should remain seated while the bus is in motion.

--All instructions from the bus driver should be followed carefully.

--If at all possible parents should accompany very young children to and from the bus stop. This is es-

pecially important if the child must cross streets or highways.

--Motorists approaching school buses from either direction should be extremely alert for the unexpected actions of children who might dart into the street.
